City of Renton to implement new permit application site on Oct. 21

City will phase in the site without disrupting current application process

RENTON, WA – The City of Renton will implement a new streamlined permit application site on Oct. 21.

The site replaces MyBuildingPermit.com and will collect more targeted information, which will speed up the permit application process.

The city will stagger the launch dates for the new site and will continue to accept applications on MyBuildingPermit.com until the change-over dates. Plumbing permits will be the first to switch on Oct. 21; followed by Reroofing permits on Nov. 4; Mechanical permits on Nov. 18; and Electrical permits on Dec. 9. Inspections and permit status will be available on both sites until the final switch-over on Dec. 9.

Registration is now available at permitting.rentonwa.gov. Questions can be directed to the city's Permit Center at 425-430-7200.

About the City of Renton

The City of Renton, Washington, with a population of 104,700 (2019), is located on the southeast shore of Lake Washington, just south of Seattle. Renton's strong economic base, diverse marketplace and favorable business climate have attracted the attention of nationally recognized companies that are providing employees and their families an outstanding quality of life. Renton is the home of Boeing, PACCAR, IKEA, the Seattle Seahawks, and the eternal resting place of Jimi Hendrix.
