Please don't forget to patronize our small businesses as we celebrate Labor Day.

This Labor Day is so different

Monday is Labor Day, the traditional end of summer and start of fall.

This year's holiday has a deeper meaning because of the past six or so months. We've developed a much greater respect and appreciation for our healthcare workers and first responders during this time. You can add grocery store workers, farmers, truckers, barbers and salon owners, restaurant cooks and servers, and business owners to this group, to name just a few. They are our friends and neighbors performing what we used to think were routine, everyday jobs. This pandemic has forever changed our view of them.

We have all seen first-hand the challenges businesses are facing during this pandemic. The city has been working to support these businesses by loosening regulations, providing tax deferrals, waiving fees, and prioritizing federal recovery funds distribution.

I'm also proud of how city employees have adjusted to a new way of doing business while keeping their commitment to providing excellent customer service to our residents.

However you choose to spend this Monday, please join me in thanking all our workers and small business owners. Hopefully, your day will include patronizing one or more of these vendors. I think that's an appropriate way to celebrate this very different Labor Day.

City's financial health has improved slightly

Administrative Services Administrator Jan Hawn [presented the city council with a financial update](#) on Monday. The update is part of our work on cost containment for 2020 due to revenue losses related to COVID-19 and in developing city budgets for 2021 and 2022.

I am happy to report that since Jan's last presentation in May, the city's financial health has improved slightly. This is the result of better than expected revenue from property taxes and sales taxes. However, we are bringing in lower than expected revenues from Business & Occupation taxes. Fees associated with permits and recreation activities have also decreased due to COVID-19-enforced closures.

We are now projecting a \$16.9 million revenue shortfall for 2020, down from \$21.3 million in May. Measures we initiated early in the pandemic, including a hiring freeze, elimination of discretionary spending, shared work, and deferring or eliminating capital projects and equipment purchases, have been very effective. A one-time use of reserves has also helped.

As we look to our budgets for 2021 and 2022, we are projecting revenues to grow at a rate that is slower than expenses. Right now, we're looking at less than 1 percent growth for 2021. The primary reason stems from our limited ability to increase property taxes. These taxes are capped by state law at the rate of inflation or 1 percent, whichever is less.

I will present my proposed budgets for the next two years in an address to the council during their Committee of the Whole meeting on October 5. Individual departments will follow with their presentations over the next three weeks. Public hearings on the budget will be held during council meetings on October 5 and November 2. The public is also invited to give input during the public comment period during any council meetings or by emailing finance@rentonwa.gov.

Plans unveiled for former city hall property

The site of the former city hall is a prime area for development. It is located next to the King County Renton Library, the Cedar River and trail, and Liberty Park. It is perfect as a "front door" to downtown.

On Monday, the city council was [briefed on the plans](#) by Oscar Del Moro of Bellevue's Cosmos Development.

Cosmos' proposal will bring 30,000 square feet of ground-floor retail (including restaurant spaces), 618 housing units, and 640 parking stalls. It envisions a slight reshaping of the Cedar River abutting a pedestrian-focused Riverfront Plaza featuring landscaping and artwork. There is also a planned pedestrian walkway across the river to Liberty Park.

The proposed development includes constructing two mixed-use buildings containing studio, one- and two-bedroom units in Phase 1. The buildings are not connected but have publicly-accessible pedestrian alleyways and three levels of parking. All pathways through the development would lead to the riverfront plaza. The second phase of construction will add a third building.

Parking will remain for the library.

We are still in the preliminary stages of working with Cosmos. Still, based on their presentation, they have displayed a great sense of the site's potential and our vision of how best to turn it into an area of the city that we can proud of for years to come.

Mayors Census Challenge

I have joined with my fellow South King County mayors in a 2020 Census Challenge.

Our friendly wager will bring more attention to the importance of the census and how it affects vital services in our cities and South King County.

The mayor of the city with the largest increase in census response during September will be the winner. In addition to Renton, the other cities are Auburn, Burien, Federal Way, Kent, SeaTac, and Tukwila.

I do not like to lose, but even more important is a complete count of residents. Please complete your [2020 Census Survey](#) online or via the census takers who are currently working in Renton. The deadline for responding is September 30.

If you need help completing your form, the U.S. Census Bureau has scheduled two visits to Renton by the bureau's Mobile Questionnaire Assistance Center. You will find them at the [St. Vincent de Paul Thrift Store](#) (575 Rainier Ave N, Renton, WA 98057) from 10 a.m. to 5 p.m. on Monday, September 7, and Saturday, September 12.

Reservations for the free COVID-19 testing site in Renton will start this Saturday. The site will open on Tuesday, September 8.

Free COVID-19 Testing Site in Renton

Starting Saturday, [appointments](#) can be made at the new [free COVID-19 testing site](#) in Renton at [805 SW 10th Ave](#). Appointments begin on Tuesday, September 8. The site will open from 8:30 a.m. to 5:30 p.m., Monday to Saturday.

I am very grateful to King County for working with us to bring a free COVID-19 testing site to Renton. The site is critical for our residents and those in South King County. They need access to early-onset testing to protect them and their families.

If you need help making an appointment, call the King County COVID-19 Call Center (open seven days a week, from 8 a.m. - 7 p.m.), at 206-477-3977.

Public Health Seattle & King County has location information for their sites on their [website](#).

Pandemic EBT Emergency School Meals Program

The [Pandemic EBT Emergency School Meals Program](#) provides assistance to eligible families with children in remote learning.

Washington state families with K-12 students who qualify for free or reduced-price school meals can receive help.

The deadline to apply is Friday, September 11 at 5 p.m.

Inspections - Building and Development Engineering

Community and Economic Development Department (CED) continues to update homeowners and contractors regarding how the city is implementing the construction-related provisions of Gov. Inslee's COVID-19 construction restart plan and related guidance issued by the governor's office.

Upon approval for King County jurisdictions to move to Phase 2 of the Governor's "Safe Start" plan, CED hopes to perform physical onsite and virtual inspections for all construction projects under the [Governor's Phase 2 construction COVID-19 job site requirements](#) effective as of May 15, 2020. Whenever possible, virtual inspections will be accomplished. If you are interested in more information about virtual inspections, please contact the Building Division: 425-430-7200.

The phase 2 construction COVID-19 job site requirements permit all construction activity to proceed, whether previously authorized, newly authorized, existing, or not existing. In effect, new construction is no longer limited to construction that was previously authorized under Proclamation 20-25.

Under phase 2, all construction, including those activities for which social distancing may not be maintained, and the start of new construction projects, is authorized to resume. Adherence to the health and safety points in the phase 2 job site requirements will be strictly enforced. Under the phase 2 requirements, any paused and existing construction activity, may resume/continue immediately if:

- The employers and employees can meet and maintain all requirements listed in Phase 2 – construction COVID-19 Job Site Requirements document; and
- The employers and employees conduct only those activities that are allowed under their county's phase status.

The safety plan was developed as part of a working group that included contractors and workers. The plan includes requirements related to safety training, physical distancing, PPE, sanitation and cleanliness and monitoring employees for symptoms.

Before calling for an inspection, please be sure you have met the minimum requirements necessary for an onsite inspection:

1. COVID-19 Site Supervisor

A site-specific COVID-19 Supervisor shall be designated by the contractor at every job site to monitor the health of employees and enforce the COVID-19 job site safety plan. A designated COVID-19 Supervisor must be present at all times during construction activities.

Exception: single-family residential job sites with 6 or fewer people on the site.

2. Posting of COVID-19 exposure control, mitigation and recovery plan available on job site

Before commencing work, all contractors are required to develop for each job site a comprehensive COVID-19 exposure control, mitigation, and recovery plan. The plan must include policies regarding the following control measures: PPE utilization; on-site social distancing; hygiene; sanitation; symptom monitoring; incident reporting; site decontamination procedures; COVID-19 safety training; exposure-response procedures; and a post-exposure incident project-wide recovery plan. The plan must also include a Job Hazard Analysis (JHA), including a list of engineering controls and proper Personal Protective Equipment (PPE), for all job site activities defined by Washington State Department of Labor & Industries (L&I) as medium and high transmission risk.

No job site may operate until the contractor can meet and maintain all requirements of the Phase 2 Construction COVID-19 Job Site Requirements, including providing materials, schedules and equipment required to comply.

These COVID-19 job site safety practices are required as long as the "Stay Home, Stay Healthy" [Gubernatorial Proclamation 20-25](#) is in effect or if adopted as rules by a federal, state or local regulatory agency. All issues regarding worker safety and health are subject to enforcement action under L&I's Division of Occupational Safety and Health (DOSH).

- Employers can request COVID-19 prevention advice and help from [L&I's Division of Occupational Safety and Health](#) (DOSH)
- Employee Workplace safety and health complaints may be submitted to the L&I DOSH Safety Call Center: (1-800-423-7233) or via e-mail to adag235@lni.wa.gov

- [May 4](#) - Reopening guidance for business and workers
- [Updated](#) - **Governor's clarifying memos by phase for businesses**

Phase 1

(May 6) Washington state is currently in Phase 1, with construction and other essential activities underway. The additions such as outdoor activities and additional sales and retail activities begin Tuesday, May 5. When the state moves to Phase 2, all components of Phase 1 will continue.

Includes

Phase 1 builds upon recent decisions made around re-opening some activities, including construction activity (allowed as of April 29) and outdoor activities such as fishing, hunting, playing golf and some park access, which Inslee announced last week.

Also adds (as of May 5):

- Drive-in spiritual services with one household per vehicle
- Auto/RV/Boat/ORV sales
- Retail open for curbside pick-up orders only
- Car washes
- Landscaping
- Some pet services (not including grooming)
- Essential travel and limited non-essential travel to engage in Phase 1 activities are permitted.

Phase 2

When COVID-19 disease burden is low and decreasing and the four capabilities (health care system readiness; testing capacity and availability; case and contact investigations; and ability to protect high-risk populations) are met, the governor will issue an order for the state to move into Phase 2.

As noted above, each phase will be at least three weeks, data and metrics will determine when the state can move from one phase to another.

Includes

All components of Phase 1 will carry into the start of Phase 2, which will include outdoor activities in small groups with people from outside one’s household, as well as limited non-essential travel within proximity of one’s home.

Additional modifications to restrictions in Phase 2 affecting business will include:

- Remaining manufacturing and construction phases
- Restaurants/taverns less than 50% capacity/table size no larger than 5 people and no bar area seating
- [May 11](#) - Dine-In Restaurant and Tavern Industry
- [May 11](#) - Restaurant/Tavern Reopening COVID-19 Requirements
- Hair and nail salons
- Retail (in-store purchases allowed with restrictions)
- Real estate
- Professional services/office-based businesses (telework remains strongly encouraged)
- In-home/domestic services (i.e., nannies, housecleaning)
- Pet grooming
- Essential travel and limited non-essential travel to engage in Phase 1 and Phase 2 activities is permitted.

Phase 3

If COVID-19 disease burden stays low and the four capabilities (health care system readiness; testing capacity and availability; case; and contact investigations and ability to protect high-risk populations) are met, the governor will issue an order for the state to move into Phase 3.

Includes

All components of phases 1 and 2 will carry into the start of Phase 3, which will include resuming non-essential travel and allowing gatherings of no more than 50 people.

Phase 3 also includes resuming some public activity, such as:

- Outdoor group recreational sports activities (50 or fewer people)
- Recreational facilities at less than 50% capacity (gyms, public pools, etc.)
- Professional sports (horse racing, baseball, etc.) without audience participation
- Restaurants and taverns at less than 75% capacity with table size no larger than 10
- Bar areas in restaurants and taverns at less than 25% capacity
- Indoor gyms at less than 50% capacity; theaters at less than 50% capacity
- Customer-facing government services (telework remains strongly encouraged where possible)
- Libraries
- Museums
- All other business activities not yet listed except for nightclubs and events with no more than 50 people.

Phase 4

If COVID-19 disease burden stays low and the four capabilities (healthcare system readiness; testing capacity and availability; case and contact

investigations; and ability to protect high-risk populations) are met, the governor will issue an order for the state to move into Phase 4.

Includes

All components of phases 1, 2 and 3 will carry into the start of Phase 4 which would be a full return to public interactions (with appropriate physical distancing).

Phase 4 also includes resuming some public activity, such as:

- Nightclubs
- Concert venues
- Large sporting events
- Resume unrestricted staffing of worksites, but continue to practice physical distancing and good hygiene

COVID-19 Risk assessment dashboard

The state's COVID-19 dashboard provides a high-level overview of the main data points discussed among state leaders and the level of risk experts perceive around the current numbers. It is not intended to represent the totality of all COVID-19 related data. The state is currently developing several new systems for collecting, compiling and reporting much of the data outlined below and this dashboard will link to those new systems as they are completed. In the meantime, where possible, we've linked to the data that is currently available or created a snapshot that summarizes the most recent information available. The dashboard is updated weekly on Wednesdays.
