

Armondo Pavone, Mayor

# This Week from the Mayor

including COVID-19 updates

Friday, Oct. 30, 2020 / Issue: 68

[Click to learn more...](#)

My weekly newsletter covers all that is happening in Renton, including the most current COVID-19 updates and information from state and federal officials and agencies.

Google Translation is available on the website. For additional translation services contact [communications@rentonwa.gov](mailto:communications@rentonwa.gov).

Taking part in the ribbon cutting were Mirya Munoz, Associate Director, St. Vincent de Paul, Centro Rendu; Janice Deguchi, CEO, Neighborhood House (with scissors); Mark Gropper, Executive Director, Renton Housing Authority; Armondo Pavone, Mayor of Renton; Frankie Kennedy, Clinic Manager for Renton, Valley Cities; and Lisa Yohalem, CEO, HealthPoint.

## Sunset Neighborhood Center Grand Opening

On Wednesday, I was proud to represent the city at a [ribbon-cutting](#) for the new [Sunset Neighborhood Center](#).

The event capped a six-year community-wide effort to bring much-needed health and human services to residents. This center is a necessary part of what we are building in Sunset.

Mayor Pavone tours the Sunset Neighborhood Center after the ribbon cutting.

The city enthusiastically supported the plan to renovate the vacated Highlands Library into a neighborhood center. But city support is only one component. We needed the help of many individuals and groups to turn our dream into this reality.

We're very grateful for financial help from the State of Washington, Renton Housing Authority, Bill & Melinda Gates Foundation, The Ballmer Group, and First Financial Northwest/Renton Regional Community Foundation. The staff at Neighborhood House also deserves our thanks for leading the capital campaign, which raised \$3 million for renovations from both public and private sources.

Community partners who will provide services include HealthPoint (health care), Neighborhood House (family services), Valley Cities (mental health services), and Centro Rendu (Latino services). Their involvement and commitment are key to the success of the center.

Renton is also very fortunate to have a housing authority for the past 80 years. They are continually working to provide quality, affordable housing to our residents. The Sunset Neighborhood Center is just another in an increasing number of facilities and housing options they have spearheaded. Executive Director Mark Groper, their Board of Commissioners, staff, and development team deserve our thanks for their continued dedication. They have been able to do some amazing things for Renton's residents, and we look forward to even more.

## Chief Rick Marshall retires after 36 distinguished years

At the end of October, [Renton Regional Fire Authority](#) (RFA) Chief Rick Marshall will retire, ending a distinguished 36-year career as a firefighter in Renton.

RRFA Chief Rick Marshall is retiring after 36 distinguished years with department.

Rick worked in almost every segment of the fire service-engine, ladder, and aid crews-during his career. He founded the water rescue program and ran it for many years. In 2015, he was an integral part of the team that created the special district concept approved by voters that brought us Renton Regional Fire Authority.

Four years ago, he was appointed RFA chief. His experience and steady hand allowed a seamless transition while expanding services and improving fire protection. One of those improvements was the opening of Fire Station 15 and the adjacent water reservoir in Kenndale. This much needed station has reduced response times and established redundant services.

In this year of COVID-19, Rick and his staff have established the RFA as a regional leader in dealing with the pandemic's effects while continuing to provide first class fire and medical services to Renton residents. The authority continues to serve our community through such proactive programs as public education, code enforcement, and mobile integrated health services.

Even as chief, Rick remained true to his firefighter roots. In 2019 he was part of the annual Firefighter Stair Challenge to benefit the Leukemia & Lymphoma Society. Rick climbed 138 flights of stairs in the Columbia Center in just 18 minutes. His RFA team raised nearly \$20,000 for the cause.

We'll best remember Rick's strong leadership, character, compassion, and commitment to our city. His ability to create positive and long-lasting partnerships has developed a fire department that sets our region's standard.

Enjoy your retirement, my friend. You have certainly earned it.

## O'Halloran earns Certificate of Municipal Leadership

My congratulations to City Councilmember Valerie O'Halloran for earning her Certificate of Municipal Leadership from the Association of Washington Cities (AWC).

Councilmember Valerie O'Halloran

The certificate requires completion of over 30 hours of training in four core areas: roles, responsibilities and legal requirements; public sector resource management; community planning and development; and effective local leadership.

Completion of these requirements shows Councilmember O'Halloran's commitment to our city. I'm incredibly impressed she did it during her first year on the council, and while we are working through the effects of COVID-19.

She joins fellow councilmembers Ed Prince (Certificate in 2015) and Ruth Pérez (Advanced Certificate in 2019) in earning this distinction.

## Housing authority has CARES Act funding

[Renton Housing Authority](#) (RHA) has received CARES Act funding from the city.

These funds will assist our Renton residents who have been impacted by COVID-19 and are now in need of rent and utility assistance.

RHA has up to \$3,000 per household in rental assistance and up to \$500 per household in utility assistance available. Since their funding is limited, [applications will be served in the order received](#). The last date to apply is Monday, Nov. 15, 2020.

## "Age-Friendly" community survey online

Last week I wrote about Renton's designation as an "Age-Friendly City" by AARP and the World Health Organization.

The designation signals our commitment to make Renton an even more inclusive, accessible, and equitable city to residents of all ages. We started earlier this week with the first of twice-monthly Zoom meetings on various topics.

We have just launched our [Age-Friendly Renton Community Survey](#). The survey will help guide us as we work to bring resources to our older adults. These include social, civic, and educational activities.

The survey covers housing, transportation, outdoor spaces, and other services. Your input will help guide future policies designed to make neighborhoods safe and walkable, while supporting health, well-being, and participation for all Renton residents.

The survey takes less than 15 minutes to complete and will be available through Friday, Nov. 20. You may email [recreation@rentonwa.gov](mailto:recreation@rentonwa.gov) to request a copy of the survey in English, Spanish, or Vietnamese.

Sustainable Renton hosts a free grocery store every Monday at 5:30 p.m. in the parking lot of St. Matthew's Church.

## Sustainable Renton needs our help

Last month I wrote about the excellent work being done in our community by [Sustainable Renton](#). Every Monday, they provide groceries free of charge to those who need them. They started some 30 weeks ago, handing out 1,500 to 3,000 pounds of food per week to as many as 300 families. Monday of this week, they distributed 25,000 pounds of food, serving between 700 and 900 families. An exact count is hard because they don't ask; they act.

Now they can use our help. Sustainable Renton is looking for local organizations and businesses to sponsor and/or operate a warming tent, serve coffee, tea, cocoa, etc. for the volunteers working the store and the patrons.

If you can help, please contact St. Matthew's Church (1700 Edmonds Ave NE, Renton, WA 98056) at (425) 226-2420.

## Economic Development presents "Back in the Game"

Our Economic Development Division will host "[Back in the Game](#)" on Thursday, Nov. 5, from 9 to 10 a.m. via Zoom. "Back in the Game" will explore how Renton retailers can welcome shoppers back and deliver a great experience.

Retail specialists Seanette Corkill and Anne Marie Luthro will examine shopper expectations and behaviors. They will also cover best practices for storefronts, customer service, and floor plans that accommodate proper social distancing.

They're also offering free one-on-one consultations to six participants allowing for a deeper dive into action items and design assistance. Winners must be a brick and mortar business operating within Renton City limits.

## Inspections - Building and Development Engineering

Community and Economic Development Department (CED) continues to update homeowners and contractors regarding how the city is implementing the construction-related provisions of Gov. Inslee’s COVID-19 construction restart plan and related guidance issued by the governor’s office.

Upon approval for King County jurisdictions to move to Phase 2 of the Governor’s “Safe Start” plan, CED hopes to perform physical onsite and virtual inspections for all construction projects under the [Governor’s Phase 2 construction COVID-19 job site requirements](#) effective as of May 15, 2020.

Whenever possible, virtual inspections will be accomplished. If you are interested in more information about virtual inspections, please contact the Building Division: 425-430-7200.

The phase 2 construction COVID-19 job site requirements permit all construction activity to proceed, whether previously authorized, newly authorized, existing, or not existing. In effect, new construction is no longer limited to construction that was previously authorized under Proclamation 20-25.

Under phase 2, all construction, including those activities for which social distancing may not be maintained, and the start of new construction projects, is authorized to resume. Adherence to the health and safety points in the phase 2 job site requirements will be strictly enforced. Under the phase 2 requirements, any paused and existing construction activity, may resume/continue immediately if:

- The employers and employees can meet and maintain all requirements listed in Phase 2 – construction COVID-19 Job Site Requirements document; and
- The employers and employees conduct only those activities that are allowed under their county’s phase status.

The safety plan was developed as part of a working group that included contractors and workers. The plan includes requirements related to safety training, physical distancing, PPE, sanitation and cleanliness and monitoring employees for symptoms.

Before calling for an inspection, please be sure you have met the minimum requirements necessary for an onsite inspection:

### 1. COVID-19 Site Supervisor

A site-specific COVID-19 Supervisor shall be designated by the contractor at every job site to monitor the health of employees and enforce the COVID-19 job site safety plan. A designated COVID-19 Supervisor must be present at all times during construction activities.

Exception: single-family residential job sites with 6 or fewer people on the site.

### 2. Posting of COVID-19 exposure control, mitigation and recovery plan available on job site

Before commencing work, all contractors are required to develop for each job site a comprehensive COVID-19 exposure control, mitigation, and recovery plan. The plan must include policies regarding the following control measures: PPE utilization; on-site social distancing; hygiene; sanitation; symptom monitoring; incident reporting; site decontamination procedures; COVID-19 safety training; exposure-response procedures;

and a post-exposure incident project-wide recovery plan. The plan must also include a Job Hazard Analysis (JHA), including a list of engineering controls and proper Personal Protective Equipment (PPE), for all job site activities defined by Washington State Department of Labor & Industries (L&I) as medium and high transmission risk.

**No job site may operate until the contractor can meet and maintain all requirements of the Phase 2 Construction COVID-19 Job Site Requirements, including providing materials, schedules and equipment required to comply.**

These COVID-19 job site safety practices are required as long as the "Stay Home, Stay Healthy" [Gubernatorial Proclamation 20-25](#) is in effect or if adopted as rules by a federal, state or local regulatory agency. All issues regarding worker safety and health are subject to enforcement action under L&I's Division of Occupational Safety and Health (DOSH).

- Employers can request COVID-19 prevention advice and help from [L&I's Division of Occupational Safety and Health](#) (DOSH)
- Employee Workplace safety and health complaints may be submitted to the L&I DOSH Safety Call Center: (1-800-423-7233) or via e-mail to [adag235@lni.wa.gov](mailto:adag235@lni.wa.gov)

- [May 4](#) - Reopening guidance for business and workers
- [Updated](#) - **Governor's clarifying memos by phase for businesses**

### Phase 1

(May 6) Washington state is currently in Phase 1, with construction and other essential activities underway. The additions such as outdoor activities and additional sales and retail activities begin Tuesday, May 5. When the state moves to Phase 2, all components of Phase 1 will continue.

### Includes

Phase 1 builds upon recent decisions made around re-opening some activities, including construction activity (allowed as of April 29) and outdoor activities such as fishing, hunting, playing golf and some park access, which Inslee announced last week.

Also adds (as of May 5):

- Drive-in spiritual services with one household per vehicle
- Auto/RV/Boat/ORV sales
- Retail open for curbside pick-up orders only
- Car washes
- Landscaping
- Some pet services (not including grooming)
- Essential travel and limited non-essential travel to engage in Phase 1 activities are permitted.

### Phase 2

When COVID-19 disease burden is low and decreasing and the four capabilities (health care system readiness; testing capacity and availability; case and contact investigations; and ability to protect high-risk populations) are met, the governor will issue an order for the state to move into Phase 2.

As noted above, each phase will be at least three weeks, data and metrics will determine when the state can move from one phase to another.

### Includes

All components of Phase 1 will carry into the start of Phase 2, which will include outdoor activities in small groups with people from outside one’s household, as well as limited non-essential travel within proximity of one’s home.

Additional modifications to restrictions in Phase 2 affecting business will include:

- Remaining manufacturing and construction phases
- Restaurants/taverns less than 50% capacity/table size no larger than 5 people and no bar area seating
  - [May 11](#) - Dine-In Restaurant and Tavern Industry
  - [May 11](#) - Restaurant/Tavern Reopening COVID-19 Requirements
- Hair and nail salons
- Retail (in-store purchases allowed with restrictions)

- Real estate
- Professional services/office-based businesses (telework remains strongly encouraged)
- In-home/domestic services (i.e., nannies, housecleaning)
- Pet grooming
- Essential travel and limited non-essential travel to engage in Phase 1 and Phase 2 activities is permitted.

### Phase 3

If COVID-19 disease burden stays low and the four capabilities (health care system readiness; testing capacity and availability; case; and contact investigations and ability to protect high-risk populations) are met, the governor will issue an order for the state to move into Phase 3.

#### Includes

All components of phases 1 and 2 will carry into the start of Phase 3, which will include resuming non-essential travel and allowing gatherings of no more than 50 people.

Phase 3 also includes resuming some public activity, such as:

- Outdoor group recreational sports activities (50 or fewer people)
- Recreational facilities at less than 50% capacity (gyms, public pools, etc.)
- Professional sports (horse racing, baseball, etc.) without audience participation

### Phase 4

If COVID-19 disease burden stays low and the four capabilities (healthcare system readiness; testing capacity and availability; case and contact investigations; and ability to protect high-risk populations) are met, the governor will issue an order for the state to move into Phase 4.

#### Includes

All components of phases 1, 2 and 3 will carry into the start of Phase 4 which would be a full return to public interactions (with appropriate physical distancing).

Phase 4 also includes resuming some public activity, such as:

- Nightclubs
- Concert venues
- Large sporting events
- Resume unrestricted staffing of worksites, but continue to practice physical distancing and good hygiene

### COVID-19 Risk assessment dashboard

The state's COVID-19 dashboard provides a high-level overview of the main data points discussed among state leaders and the level of risk experts perceive around the current numbers. It is not intended to represent the totality of all COVID-19 related data. The state is currently developing several new systems for collecting, compiling and reporting much of the data outlined below and this dashboard will link to those new systems as they are completed. In the meantime, where possible, we've linked to the data that is currently available or created a snapshot that summarizes the most recent information available. The dashboard is updated weekly on Wednesdays.
