The effect of "Stay Home, Stay Healthy"

Gov. Inslee's "Stay Home, Stay Healthy" executive order yesterday was the right step at this point in our fight to stop the spread of COVID-19. His order bans all gatherings for social, spiritual and recreational purposes, whether organized by public or private groups. It also closes any nonessential businesses within 48 hours, though remote work can continue.

The order allows residents to go out outside for exercise or work around the house as long as you practice social distancing and keep a minimum of 6 feet apart. But what does that mean for the residents of Renton and how will we enforce the order?

All of the city parks with gates will remain locked. Recreational facilities inside city parks—playgrounds, sport courts, fields, and other active recreation areas are considered closed. City staff have either locked the gates to those areas or they have been taped off. If this is not effective, we might need to take additional measures like removing the basketball hoops or creating barriers. The governor's order will also close Maplewood Golf Course and pro shop.

City staff will regularly check our parks, and so will Renton Police. Our officers will use "advise and educate" when addressing social distancing violations. Officers will describe the governor's order and ask for voluntary compliance. Please respect their decision; it is based on what is best for your health and safety and that of everyone you come into contact with. It is not their intention to detain or arrest. Residents observing large gatherings are asked to call the department's non-emergency number at 425-235-2121.

The order also keeps open only businesses that are characterized as "essential." What constitutes "essential" business functions and activities can be found [online](#). Renton businesses that need clarification or want to register a complaint/concern or petition that their activities *should* be considered "essential" can email the state at business@mil.wa.gov. Rumors of individuals or businesses needing "passes" or "licenses" to conduct essential services are not true.

I am appealing to your sense of community and that we work together as we move into this next phase of trying to contain the spread of COVID-19. There's always a fear of the unknown but if we work together and trust in each other we will make it through.
